

AVAILABLE & INTERESTING INTERNSHIP OPPORTUNITIES IN BRAZIL!

Updated version: November 2015

- Please note that most of the internship periods indicated below can be negotiated with the employer.
- Due to current Brazilian internship legislation, for internships no longer than 120 days (4 months) the student can only be enrolled in an academic institution established outside Brazil. For internship periods longer than that companies require the students to take at least one subject at a local university. These positions are identified with a (*) following the code number.

POSITIONS IN PRIVATE COMPANIES

ARCHITECTURE & ENGINEERING

CODE	1531
FIELD	Civil Engineering
CITY/STATE	Osasco / São Paulo
ACTIVITIES	The trainee will develop project execution of civil engineering activities in the area of road systems, ie, streets, roads, avenues including geometric designs, paving and drainage projects for rainwater. Another activity will be the performance in technological control of works knowing the implementation of work and control activities, knowing the trials in the works and the materials technology laboratory.
REQUIRED SKILLS	Good English
MONTHLY WAGE	R\$ 1.000,00

CODE	1526
FIELD	Architecture
CITY/STATE	Goiânia / Goiás
ACTIVITIES	The student will draw plans, elevations, sections and details using Autocad.
REQUIRED SKILLS	Good English
